UPGRADE WAITING PERIODS

An upgrade waiting period will apply when you upgrade your cover (i.e. you purchase a plan with more comprehensive cover than your previous plan). This may happen if you change your plan with us or when coming to Irish Life Health from another health insurer. We will apply an upgrade waiting period to claims where your treatment relates to a pre-existing condition. Where an upgrade waiting period applies, we will cover you up to the level that was available under the benefit that you are claiming of your previous plan. Where the benefit you are claiming was not available on your previous plan, you will not be covered.

A pre-existing condition is an ailment, illness or condition, on the basis of medical advice, the signs or symptoms of which existed at any time in the six months:

- > before you took out health insurance for the first time
- > or before you took out health insurance after your health insurance had lapsed for 13 weeks or more.
- > or before you upgraded your cover to a higher level plan

In these circumstances, you will be covered up to the level of cover that was available on the plan that you previously held before upgrading your cover.

Please see the upgrade waiting period table below for the details of upgrade waiting periods by benefit type. Our medical advisers will determine when your ailment, illness or condition commenced. Their decision is final. The table below sets out the upgrade waiting periods applied by Irish Life Health. These waiting periods will apply from the date you upgraded.
